

Special Assessment Districts – Status update as of August 11, 2017

Mildred Avenue Special Assessment District

- Preliminary engineering review to determine scope of work and estimate of cost is currently underway.
- The informal public meeting is anticipated to be held in September at Bedford Township.
- Notices will be sent out to all property owners in advance of the informal meeting date.
- If the project continues successfully through the SAD process, it is anticipated that the plans will be prepared over the winter with a late winter bid date, which is the best time to obtain the most bids at competitive prices.
